

VCS Announces Launch of E-Commerce Site

Freehold, NJ (May 26, 2020) — VCS, a leading workforce management software provider, today announced the launch of its new e-commerce site, shop.vcssoftware.com.

VCS offers software solutions that simplify employee scheduling, time and attendance, human resources and payroll for business and government workforces.

The e-commerce site will provide customers with a robust, user-friendly experience and will have an expansive assortment of signature workforce management products, add-on modules, time clocks and kiosks, training and implementation packages, and IT and development services to choose from.

“This expansion demonstrates our commitment to growth and our continued ability to successfully provide full-service time and labor management services and solutions to our customers,” explained Guy DiMemmo, CEO and Founder of VCS. “We wholeheartedly believe in our products and after seeing positive customer results for more than 20 years, it was time to offer a more seamless shopping experience, allowing both current and future customers to purchase our products with just the push of a button.”

VCS products, which feature tools to automatically assign and grant PTO and overtime requests with rules-based processes, automate pay rules, staffing, and compliance requirements, track employee activities, and measure engagement and growth, are now available for purchase on shop.vcssoftware.com.
